OUR EQUIPMENT

CLARKE SANDING MACHINE

Specifications and features: Powerful 1.0HP fully enclosed motor, rigid cast aluminum pad driver, fine finishes hard wood floors with ease, large non-marking wheels, precision balanced, 12" X 18" sanding pad, 50' 14-3 grey power cord, 3600 orbits per minute, 74 dB A sound level, 125 pounds weight.

Grinder is a robust machine designed for floor grinding, polishing, and leveling. Here are its key features:

- Working Width: Approximately 10 inches, allowing it to grind around 400-500 square feet per hour with 1/16" diamond tooling.
- Wet or Dry Grinding: You can use it for both wet and dry applications.
- Rounded Shroud: The grinder's rounded shroud enables grinding within 1/2" of any vertical surface and provides better dust control.
- Operator Comfort: It exerts less torque on the operator.
